PROFESSIONAL SUMMARY

Penetration Tester and SOC Analyst with hands-on experience in VAPT, Web Security, API Security, Active Directory Security, and SIEM-based threat detection. Skilled in vulnerability assessment, log analysis, and offensive security using Burp Suite, Nmap, Metasploit, and Wireshark.

TECHNICAL SKILLS

- **Security Tools:** Burp Suite, Nmap, Metasploit, Wireshark, Hydra, Gobuster, FFUF, Splunk, ELK Stack
- **Security Domains:** VAPT, Web Security, API Security, Network Security, Active Directory Security
- **Threat Detection:** SIEM, Threat Intelligence, Log Analysis, Incident Response, MITRE ATT&CK
- **Programming:** Python, C++, Bash, JavaScript, Go
- **Operating Systems:** Linux, Windows, macOS
- **Concepts:** OWASP Top 10, Threat Detection, Incident Response, Vulnerability Assessment, Network Security

PROJECTS

CTF Vulnerable Machine (Boot2Root)

GitHub

- Created themed environment with guided learning objectives and realistic attack scenarios
- Designed realistic attack paths simulating enterprise penetration testing scenarios
- **Technologies Used:** Active Directory, Windows Server, PowerShell

Kraken: Multi-threaded Hash Cracker (C++)

GitHub

- Built a high-performance password cracking tool supporting MD5, SHA1, SHA256, and SHA512 hashing algorithms
- Implemented dictionary, brute-force, and hybrid attacks with rule-based mangling techniques
- Optimized cracking performance using multi-threading and OpenSSL cryptographic libraries

Threat Detection SIEM

Personal Project

- Engineered a real-time SIEM platform processing 10K+ security events per minute using TCP/UDP log ingestion
- Reduced incident detection time by 40% through automated alert correlation
- Built dashboards with MITRE ATT&CK mapping, geo-visualization, timelines, and alert prioritization

CERTIFICATIONS

- | | |
|---|----------|
| • eLearnSecurity Junior Penetration Tester (eJPTv2) | May 2026 |
| • Certified AppSec Practitioner (CAP) | Jan 2026 |
| • Certified Red Team Operation Management (CRTMO) | Dec 2025 |

ACHIEVEMENTS

- Ranked in Top 1% globally on TryHackMe platform
- Achieved Rank 802 in Hack The Box Season 10

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Lovely Professional University

Graduated : 2024
